

**Liquid Chromatograph Mass Spectrometer
Bid # 220-21
Addendum # 1
Question & Answer**

Q: We are interested in participating on this bid but upon review the specification doesn't include Brand and Part number. If you could send us what exactly the products, Brand and Part number?

A: GVSU would say there is no brand or part number- we are open to a variety of brands from a number of manufacturers. Therefore please disregard #4 under the Information and Instructions section of the RFP.

Q: Would the end user be interested in a Triple Quadrupole Mass spectrometer instead of a single Quad?

A: GVSU is not interested in a triple quad instrument.
